REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 8, 9, 10 and 13 are allowable over the prior art of record because the prior art of record does not suggest a tube target for a cathode sputtering installation, comprising a centrifugally cast, cylindrical hollow body as a sputtering material, the hollow body having a grain structure with columnar crystallites arranged substantially perpendicular to a circumference of the hollow body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
